

## "AMERICA BETRAYED," SUBJECT OF SPEECH

Senator Fletcher Tells Women Democrats of G. O. P. Faults.

"The people of this country were basely betrayed by the Republican party in 1908, when they were led to believe that the tariff would be revised downward, when in fact just the opposite took place," said Senator Duncan U. Fletcher, of Florida, at the housewarming of the Women's Wilson Union in the old Cafe Republic, last night.

Senator Fletcher, arraigning the Republican party, lauded the Democrats, particularly Woodrow Wilson, for his motives, which he said had kept the country from war.

The meeting was in the nature of a get-together meeting. Arrangements have been completed whereby information concerning the Democratic campaign will be given out from their headquarters.

An orchestra played patriotic airs. About 500 people attended the meeting.

## PRESIDENT COMMUTES J. B. MILLER'S SENTENCE

Four Years and Five Months Term for Embezzler.

The sentence of John Barter Miller, of Washington, in the Maryland State penitentiary at Baltimore, was commuted from twenty years to six years by President Wilson yesterday. The President acted upon the recommendation of Attorney General Gregory.

One year and seven months was allowed for good behavior, making the actual time to be served four years and five months. He will be released some time next summer.

Miller was indicted in 1907 on thirty-four counts of embezzlement of the funds of the First Co-operative Building Association of Georgetown, of which he was secretary-treasurer, and a large stockholder. He was tried three times, the higher courts of the District twice setting aside the verdict of the lower courts.

## ARMENIAN AND SYRIAN RELIEF WORK PLANNED

The subcommittee of the Washington auxiliary committee for Armenian and Syrian relief, representing the 500 members of the Turkish colonies living here, met last night in the offices of Dr. M. M. Dolmage, 826 Vermont avenue, to arrange for the collection of funds on October 21 and 22, designated by President Wilson as Armenian and Syrian Relief Days.

Dr. Dolmage, president of the subcommittee, has requested the pastors of the Church of the Covenant, the Church of the Epiphany, Mount Pleasant Congregational and the Church of Our Father to request the young women of their congregations to take charge of booths in department stores, hotels, banks and other public places. They will be directed by Mrs. John Oliver Mogue.

Henry B. F. McFarland is chairman of the auxiliary committee.

## DEBATE ON ARMOR PLANT.

Hebrew Association Will Discuss Washington's Advantages.

A debate on "Resolved, That Washington is the most suitable place for the \$11,000,000 armor plant," will be the feature of the next meeting of Hebrew Perpetual Association on October 22. Affirmative debaters will be Messrs. Dinofsky and Lesser; negative, Messrs. Kornfeld and Klein.

A committee has been appointed to provide quarters for the association and to arrange a straw ride to Baltimore October 21.

## MASONS OF ALEXANDRIA FORMALLY OPEN BAZAAR

James Alston Cabell Pays Tribute to Washington's Memory.

THE HERALD BUREAU,  
R. E. Knight & Son,  
621 1/2 King Street.

Alexandria, Va., Oct. 9.—The Masonic bazaar in Armory Hall was formally opened tonight with an address by James Alston Cabell, who was introduced by J. Johnston Green. Prayer was offered by Rev. John Lee Allison, D. D.

Mr. Cabell paid a glowing tribute to George Washington, and also lauded the project for a Masonic Temple in Alexandria to Washington the Mason.

After the lights were flashed on business was brisk and the many attendants at the bazaar were kept busy during the remainder of the evening.

The hall was attractively decorated. In the center of the big hall was an emblem of the order in incandescent lights. An orchestra, directed by Prof. Pitt, supplied the music. There will be dancing each evening. The committee in charge has also planned special attractions for each night. The bazaar will close October 21.

Funds gained by the bazaar will be used by the local committee or arrangements for its expenses in connection with the annual meetings of the George Washington Masonic Memorial Association.

Depositors of the defunct Virginia Safe Deposit and Trust Corporation will receive an additional dividend of 3 per cent October 15. An order to this effect was entered today in the Corporation Court in the suit styled T. J. Fannon and others against the Virginia Safe Deposit and Trust Corporation.

This will make a total dividend of 43 per cent since this institution closed in 1915.

At a meeting of Alexandria Lodge of Elks tonight Dr. Thomas B. Cochran was appointed chairman of the committee to arrange for the annual memorial services of that lodge, which will be held December 2. He was named by George W. Bonta, exalted ruler. Dr. Cochran was empowered to select his own committee.

Two years in the penitentiary was the sentence imposed in the Corporation Court today by Judge L. C. Barley in the case of William Thomas, negro, who pleaded guilty to breaking into the store of Sands & Co. Thomas first escaped trial for this offense by being declared of unsound mind. After spending two months at the Central State Hospital, Petersburg, he was returned to Alexandria for trial.

A delegation of 300 Alexandrians will attend the Gypsy Smith, Jr., evangelistic campaign which started last night in Charlottesville, Va., October 20. It was decided tonight at a meeting of a committee in the Westminster building of the Second Presbyterian Church. A special train will leave here that afternoon at 1 o'clock and return at 1 o'clock next morning.

A meeting of the committee on armor plant will be held at 3 o'clock Wednesday afternoon at the Chamber of Commerce rooms to complete plans for the Alexandria delegation's call on Secretary Daniels and the navy board Thursday, when this city's claims for the plant will be presented.

Mrs. W. H. Terry died this morning at the Alexandria Hospital. She lived at Del Ray, Alexandria County. Her husband and four children survive her.

The Democratic mass meeting, scheduled for Wednesday night in the auditorium of the Elks' Home, has been postponed, owing to the absence of Chairman Charles Bendheim.

The funeral of George E. Hapburn took place this afternoon from the home, 408 South Fairfax street. Services were conducted by Rev. John Lee Allison, D. D., pastor of the Second Presbyterian Church.

The Home Department of Sunday schools of the city will be addressed by James J. Caton at 8 o'clock Tuesday night in Trinity Methodist Episcopal Church.

August Dean, Jr., had his right leg fractured this morning at Dean's shipyard when a heavy piece of timber fell on it. The leg was reset by Dr. T. M. Jones.

## LAUNDRY COMPANY SALE HALTED BY CREDITORS

Justice Stafford yesterday cited Harry G. Kimball and Jesse E. Potbury, trustees of the Electric Sanitary Laundry Company, 1335 H street northeast, to show cause this morning why they should not be restrained from disposing of the assets of the company, and to show cause Friday why a receiver should not be appointed to handle the company's affairs.

The petition was filed yesterday by William Myers, John Lockwood, John V. Schmidt and the William B. Creech Paper Company, as creditors.

An auction sale of the assets was advertised for 10 o'clock this morning. The restraining order will prevent the sale.

The laundry company is incorporated in Arizona.

Myers alleges the company owes him \$336 for rent and Lockwood claims more than \$100 for veterinary services. The paper company and Schmidt claim more than \$100 each.

The creditors are represented by Attorneys Turnage & Quinn.

## FARMERS' HEAD FLAYS ADAMSON 8-HOUR LAW

"Increases Expenses of Agriculture Industry," Says Pope.

Special to The Washington Herald.  
Fort Worth, Tex., Oct. 9.—H. N. Pope, president of the Association of Farmers' Union Presidents, has issued a statement asking the farmers to urge their Congressmen to repeal the Adamson law at the next session of Congress. Mr. Pope has also issued a pamphlet analyzing the effect of this law upon agricultural interests.

His statement says in part: "The defenders of the Adamson law have had much to say about emancipating labor, but how about enslaving the farmer? If giving to trainmen is a virtue, is not taking from the farmer a crime? Has Congress the power to increase the expenses of industry many millions of dollars without some one paying the bill? If so, then Congress should immediately assemble and legislate all the people into idleness, and wealth. This law is unsound in principle and unjust in application."

"If this character of legislation is permitted to inhabit our statute books, then property has no rights that Congress is bound to respect."

## RELIEVE HEADACHES WITHOUT DOSING

By Applying Sloan's Liniment to Forehead You Can Stop the Severe Pains.

Many headaches are of a neuralgic origin. The symptoms of such headaches are intense and lingering pains in the brow, temples or back of the head.

There is one certain relief that has been known and recommended for years back, Sloan's Liniment. One application and the dull pain is practically gone. It is easily applied without rubbing. Rubbing is unnecessary, as Sloan's Liniment quickly penetrates to the seat of trouble.

Aching muscles, rheumatism, bruises, lumbago, chilblains, sprains and stiff neck can also be most effectively treated with Sloan's Liniment. Cleaner than musky plasters or ointments; it does not stain the skin or clog the pores.

At all drug stores, 25c, 50c, \$1.00.

## ANNOUNCEMENT Advance in Price of Anthracite Coal

J. MAURY DOVE COMPANY advises its patrons and the PUBLIC generally that the advances in all materials, labor, etc., which enter into the cost of selling and delivering coal have been so enormous that it has been compelled to advance the price of ANTHRACITE COAL 25c per ton, to take effect Tuesday, October 10, 1916. The discount of 15c per ton for cash or for accounts settled in full by the 10th of the month will still prevail.

Increases in the various items comprising the above expense have in no case been lower than 25%, and in one instance has exceeded 133%. For the past year we have been absorbing these advances as they occurred, in the hope that they would prove to be only temporary. Instead, however, they have been gradually increasing, until we have found it impossible to absorb them longer.
